Edited by Aya

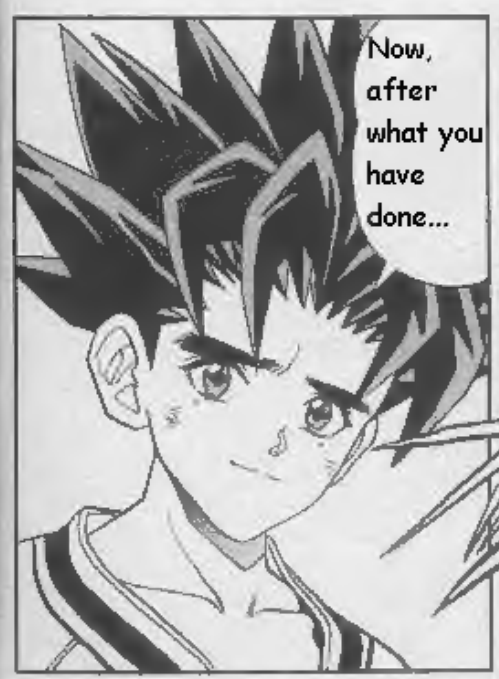
I just cannot resist this glittering and powerful Junta... My heart is opening to him by itself
Are you okay?
Yes... Yes...
I said so easily the words I should have kept to myself
I'm sorry... All of this happened because of me...

Data 8 : The Red-Striped Bullet

... it will be easy to hate you

Aah... So you were the one...

But... I did such a wrong thing... I never expected all this trouble to happen
Don't worry... It's over now



Now, after what you have done...

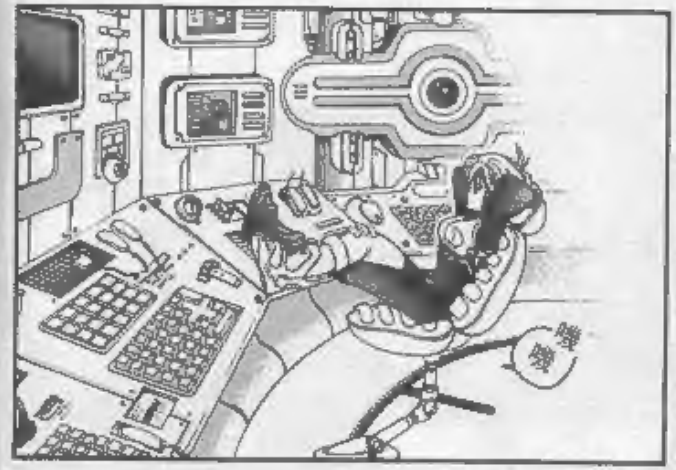
Any way,every thing's going just as you wish now

PI PI
Wha... what are these tears!?

!?

Coming! Coming!
PI PI

KO

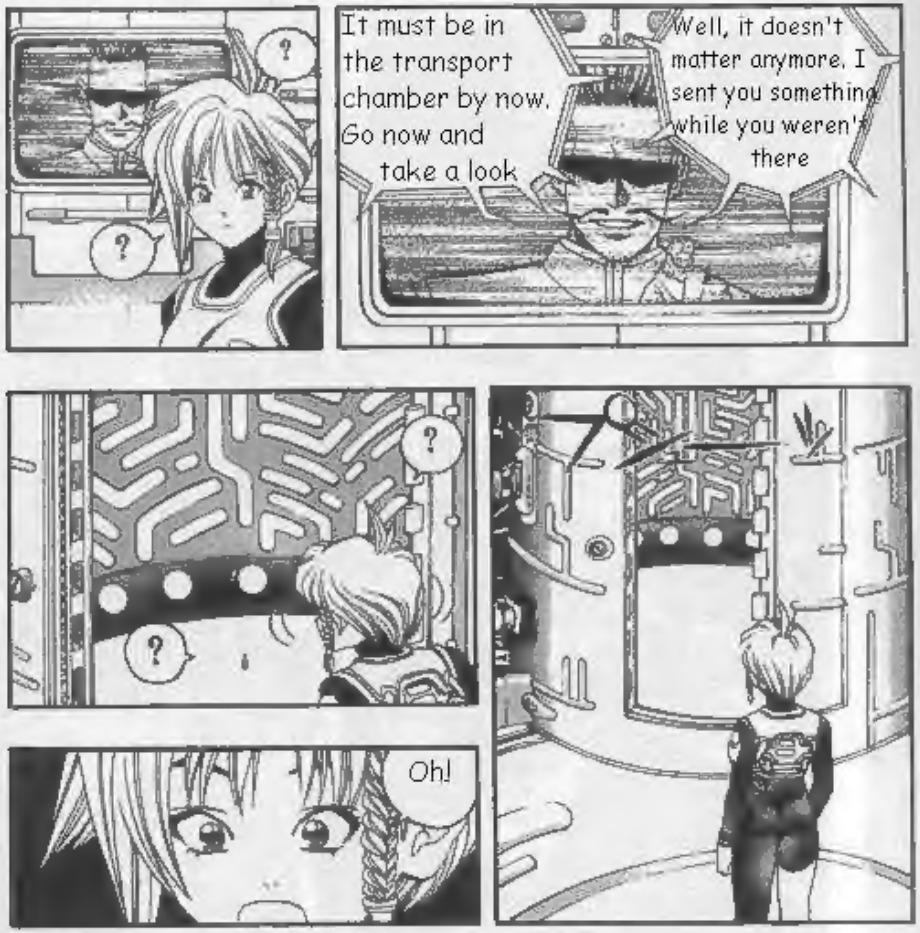


It will be easy to hate you

It will be easy to hate you

I didn't want that. I didn't want Junta to hate me

Why am I worrying!?
Argh!



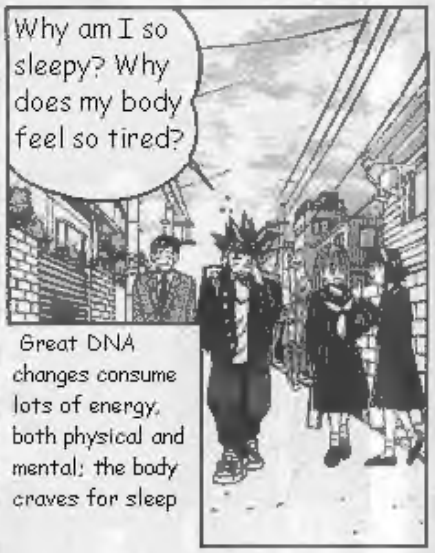
?
?
It must be in the transport chamber by now. Go now and take a look
Well, it doesn't matter anymore. I sent you something while you weren't there
?
?
Oh!
It's the bullet you left behind, the one you must use
If you haven't picked it up yet, do it now

Hello
How am I going to hide my failures?
Oh, no! I thought there wouldn't be any contact with the future for a while!
Whoa! Whoa! I don't know what has gotten into you! Please relax and listen to me, okay?
Hah hah hah! What's up?
Ah! So! Soooo!!
Uh... yeah. So... heh heh heh...
Oh? Maybe they haven't found all the truth yet!
You said you have already used the DCM bullet that you carried by mistake, right?
O... okay

Yawn

ポクポクポン

ギッ



Why am I so sleepy? Why does my body feel so tired?
Great DNA changes consume lots of energy, both physical and mental; the body craves for sleep

He was screaming and now he's standing asleep
He may be dangerous. Be careful

Sure.. hate...

I must hate her because of her horrible deeds!!
And why can't I take that girl's face out of my mind!?
ぶんぶん

Hear this well: this is your last chance. There's no money for new bullets or more time travel
The red-striped bullet!! Great! My mistakes have turned that kid into the Megaplayboy, but, using this bullet, I can make everything right!

If I fumble, I will be a criminal! Death penalty!
咕

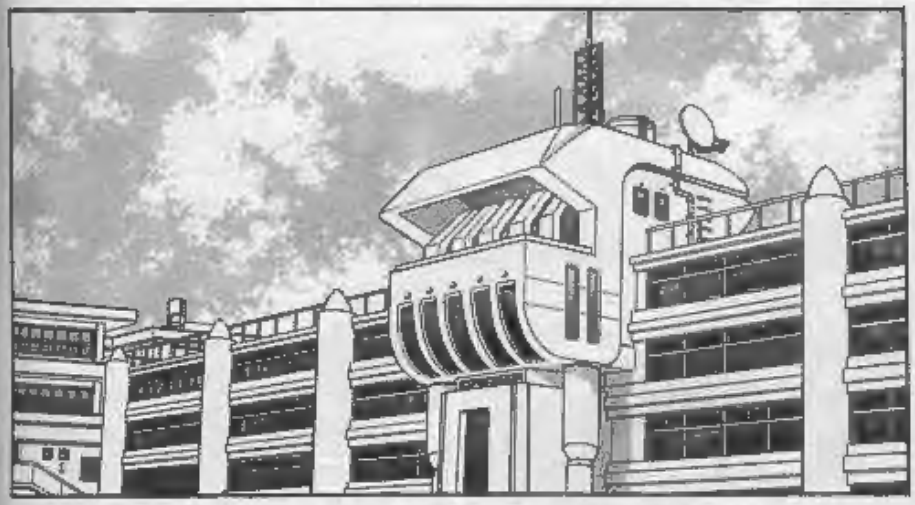
If you fail, you won't get paid. And that's not all...
Every wrong move from now on will be considerated an act of treason. And the usual punishment for treason is death penalty. Keep that on mind!

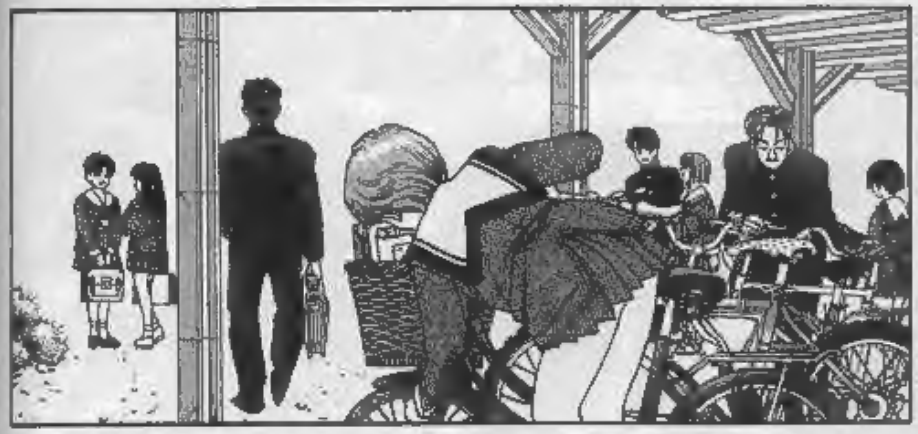
It will go eventually
If you weren't so rash, you wouldn't have been hurt!!

I see your bruise hasn't gone

Say, your childhood friend was different from his usual the other day, wasn't he?

Maybe his true nature got lost somewhere
He has been acting weird, lately





?

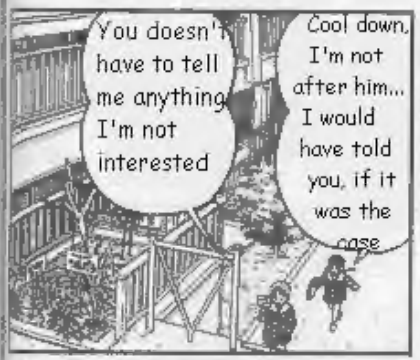
Ah, Kotomi. Good morning
Ami

Uh... It was nothing
Tomoko ...
Thanks for your help yesterday
Yeah, well, I'm not here just to thank you
Here
It's from Momonari-kun
A necklace?

He made my heart beat faster
Maybe. But he was cool, wasn't he?

Heh!

Oh



You doesn't have to tell me anything I'm not interested
Cool down, I'm not after him... I would have told you, if it was the case

Aaah, I made you worry!

Was it me the girl he was talking about? Can't be...
What would be best to show a girl my feelings?

It's a gift from the heart... Take good care of it

Hum... So it is...

Kuri moto Ami
Kuri moto ...

My name's Saeki Tomoko. What's yours?

Hey!

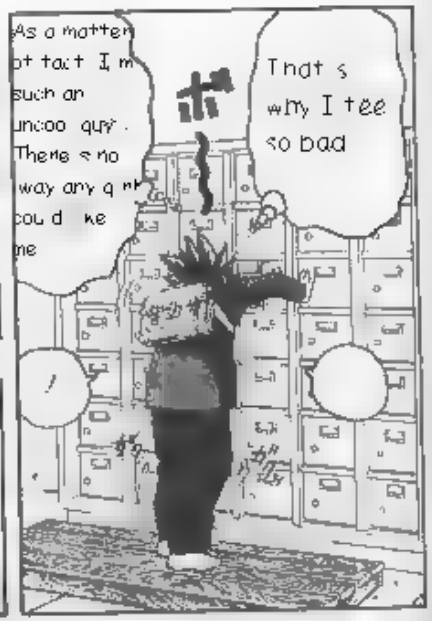
... it was the hit you took that made Momonari-kun really angry
You fainted, so you didn't notice it, but...

Eh?

I knew, then, that you were the girl Momonari-kun had a crush on.

What?

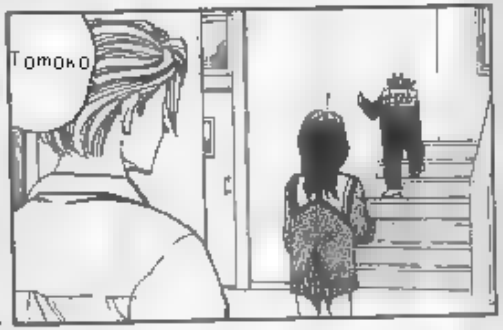
COME TO THE ROOF
What s this Come to the roof What sort of characters



As a matter of fact I m such an uncool guy. There s no way any girl could like me
That s why I feel so bad

Oh
The roof? The roof right Roof Roof

We have to speak
Ryuu

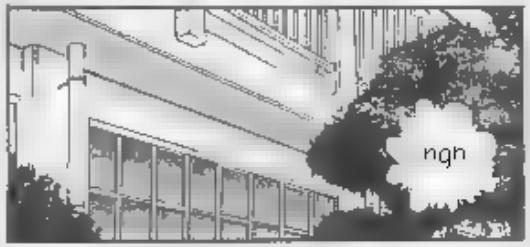


Tomoko

You saw his strength didn t you
You too your menaces are pitiful

That s too rude What do you girls see in that Lunta guy I m getting angry at him

There s nothing to say



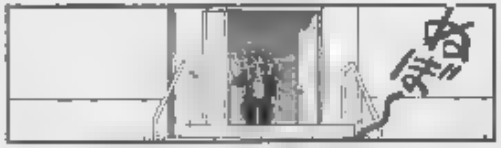
ngh

I m weak

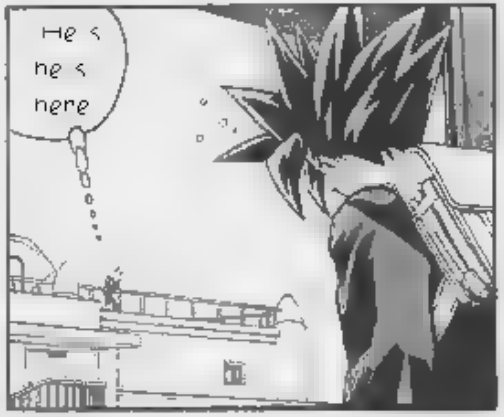
This sleepiness my strength yesterday my punish on that girl It s all that stuff s fault

We be warned even the rejected me once I haven t given up on Momonari-kun yet

And since he has already decided to hate me he'll forget about me and not me
嘭啪

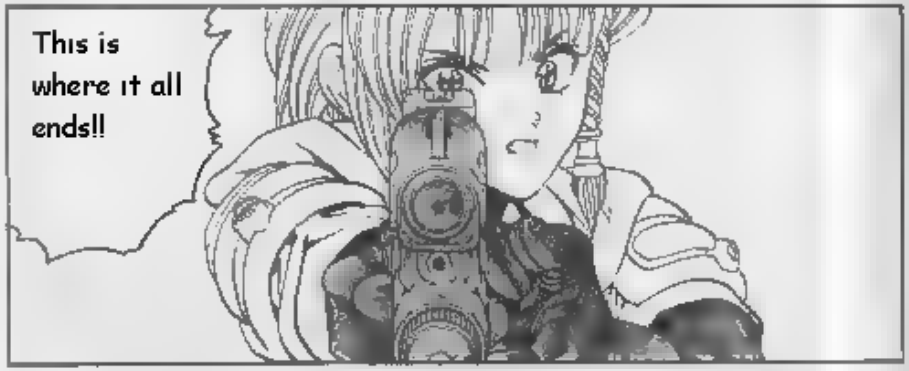


啪

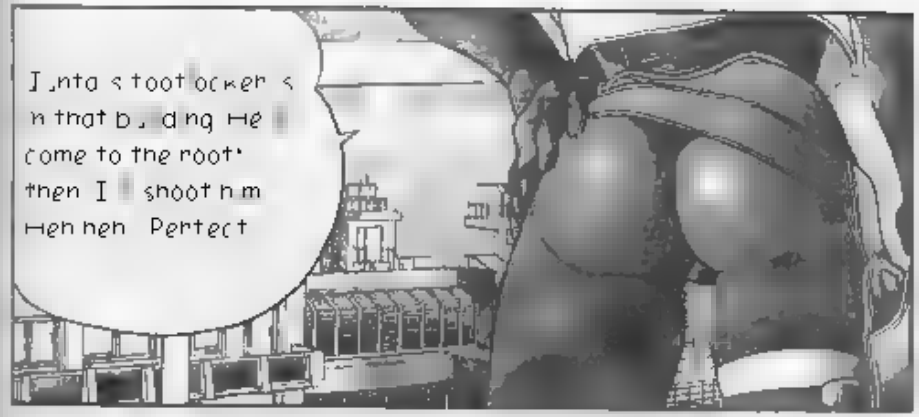


He's he's here

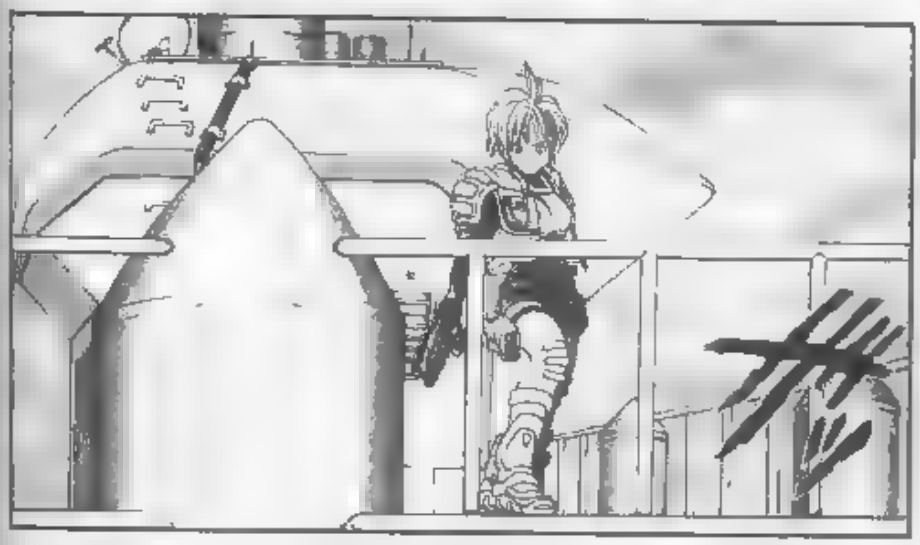
He wants to see his strength his attractiveness and his power for me
嚓



This is where it all ends!!

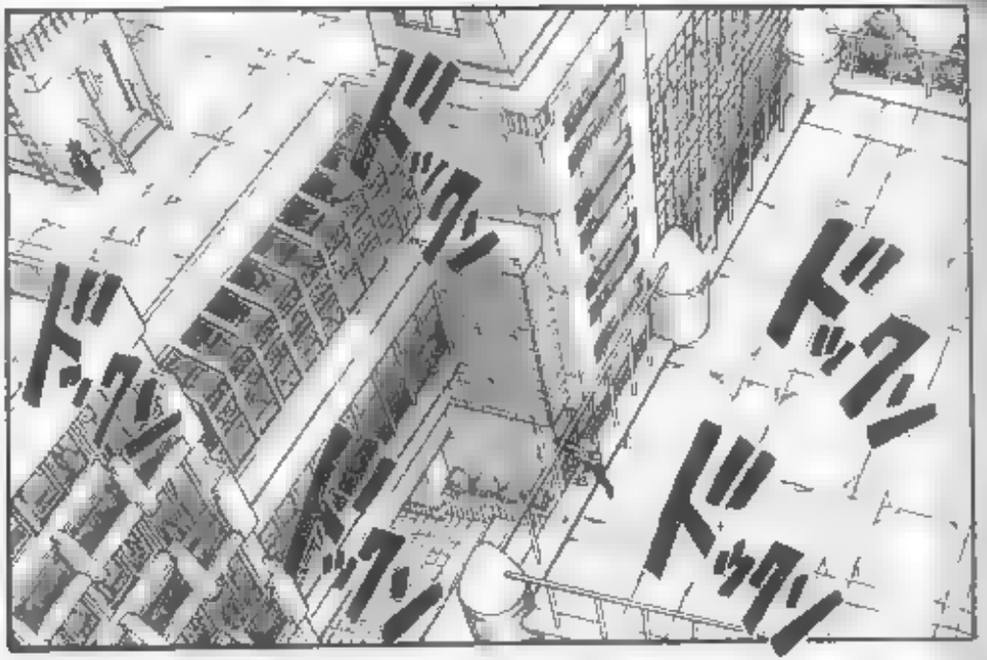


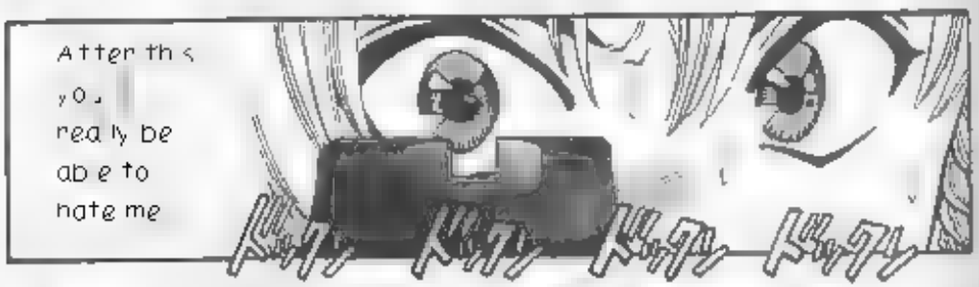
Into a footlocker s in that building He'll come to the room then I'll shoot him Hehehe Perfect

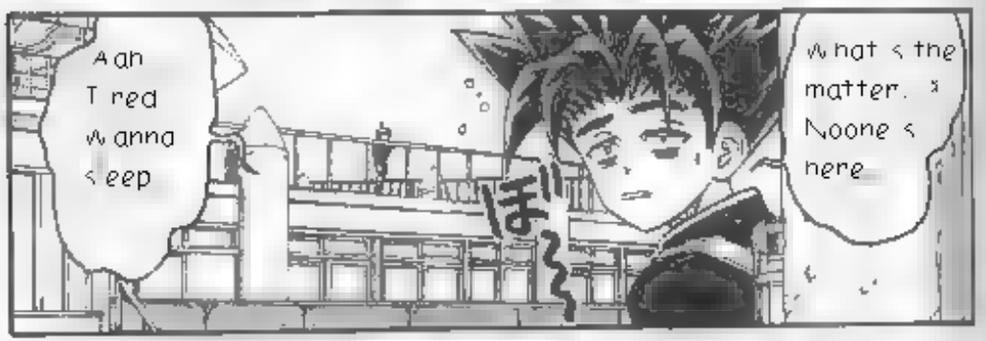


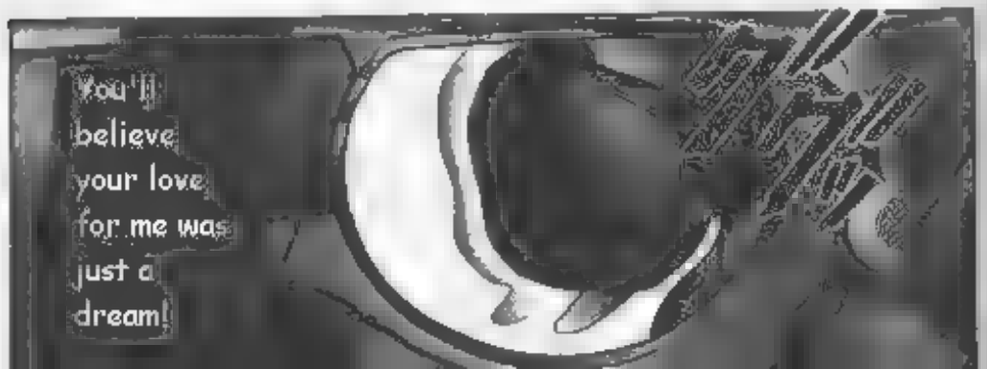
This will turn him back to his former homely self

I'm risking the death penalty I must not fail

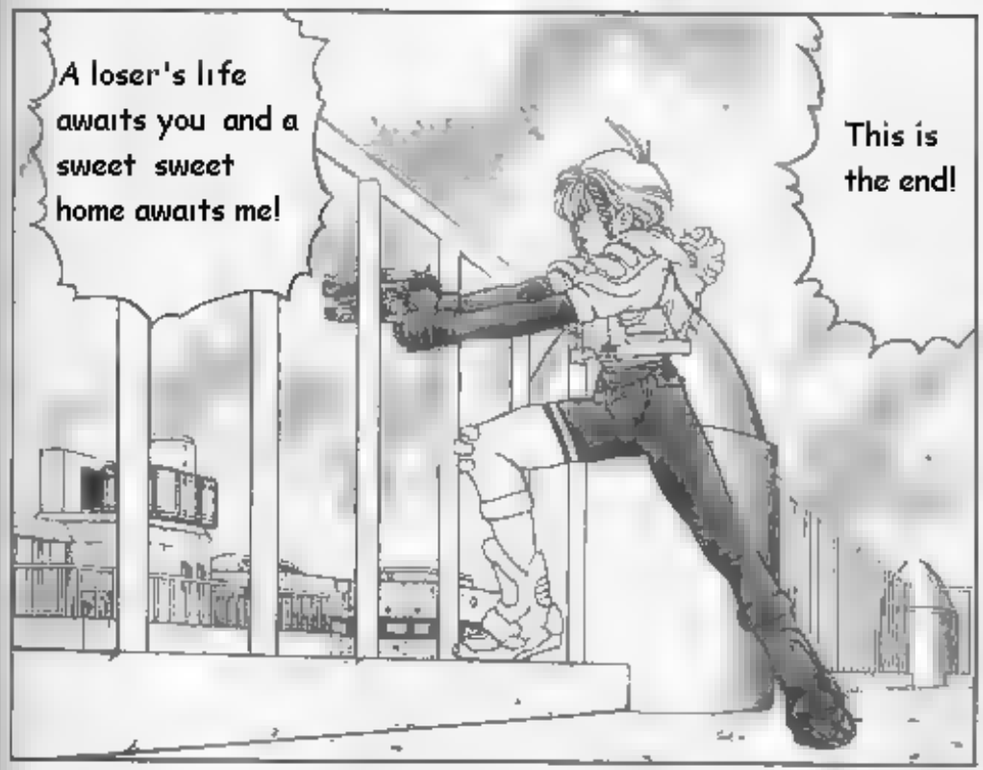


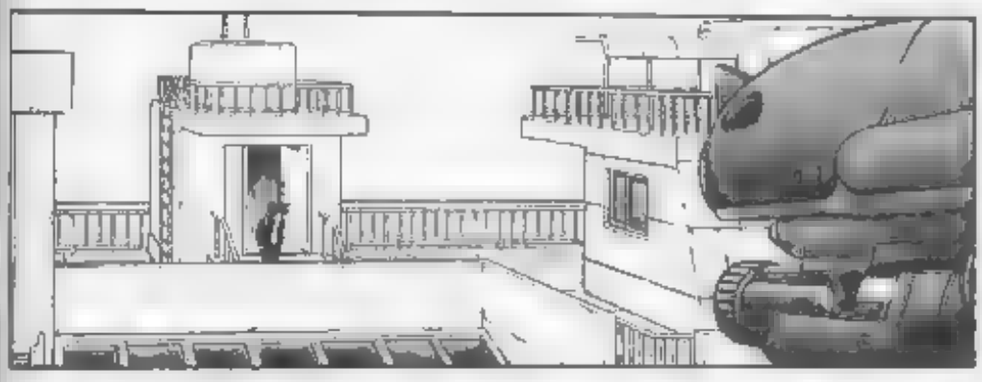


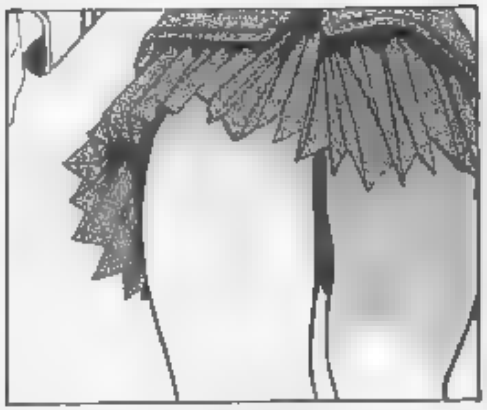




Data 9 : A Quick Kiss







Hmph!

.....

No
Your childhood friend isn't here

Don't you think it's strange that she had that necklace
I've heard bad things about that Tomoko Don't believe every word she said It would be foolish

I wonder Could he really have bought this for me

ROOF ..

What do you hate so much in me?

FINE understood
You're stubborn aren't you We're through

I teach it to her From time to time it's good to pick up this kind of girl

But didn't you see him!? He was embracing Tomoko!!
I wouldn't think him capable of doing anything of the sort

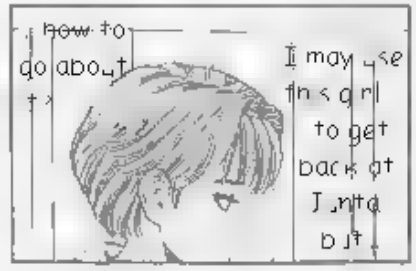
Aaargh!!
What's wrong!?
Ah
Ah
?

Don't you think so
I'm more shocked about Tomoko and Momonari They had been keeping it under wraps

What what are you speaking about

Why am I bleeding What happened? It doesn't hurt and I don't feel anything
You're bleeding Are you sure you'll be okay Shouldn't we go to the health office

She looks like a tomboy But of course if you cut and polish a rough diamond it will glow



How to do about it
I may use this girl to get back at Junta but

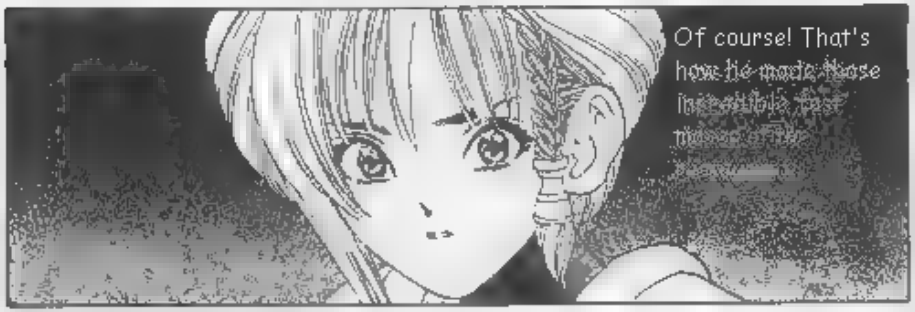
Maybe she still doesn't know what a man is
We will look at how she acts

When I thought you gone, you came back again what's your game

Do you still tee ke staying up there

Mm

What.. Where are we? Eh?
Ah



Of course! That's how he made those

Heh heh heh
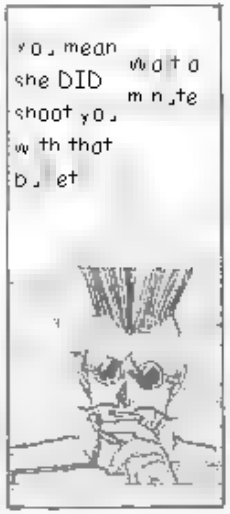
Maybe there are other poss b t es A b t of research s n order

If I hold on to that feeling it should change something, shouldn't it?
I don't like playboys I don't intend to become one

Even if my DNA changed my mind may not change The matter is not settled! You can't say it was a failure!!
Of course my body has changed since I was shot with that stuff but there's no proof that I have become the Megaplayboy yet

Damn it!!
AAAH



You mean she DID shoot you with that bullet
Wait a minute

Junta

Junta

Hey . Her mission is not a failure yet

You must be the boy we were looking for Nice to meet you

But then again you have lived longer than I
This is complicated In a sense I'm much older than you

Well in short I'm that Megaplayboy who will become such a social menace right?

Hum . And what did you mean by "not a failure yet"?

Okey! I'll show you! I'll beat the Megaplayboy's DNA!
As I said before the problem is not my body but my mind and will You agree don't you!?

So you didn't miss him with that mysterious DC mini-jet after all you really shot him.

That was supposed to remain a secret Why you

Before that shot this boy was hopeless He was a total loser

<3

yes that's right I shot him with the mini-jet I brought by mistake and turned his DNA into the Megaplayboy's And what's with that!

Ah!

Hum The fact is we were short of time There are limits, you know Even for us

No bullshit!!

Maybe you were wrong since the beginning Was he properly investigated He wasn't exactly likely to turn into a playboy

Eh?

This won't return me to my older self

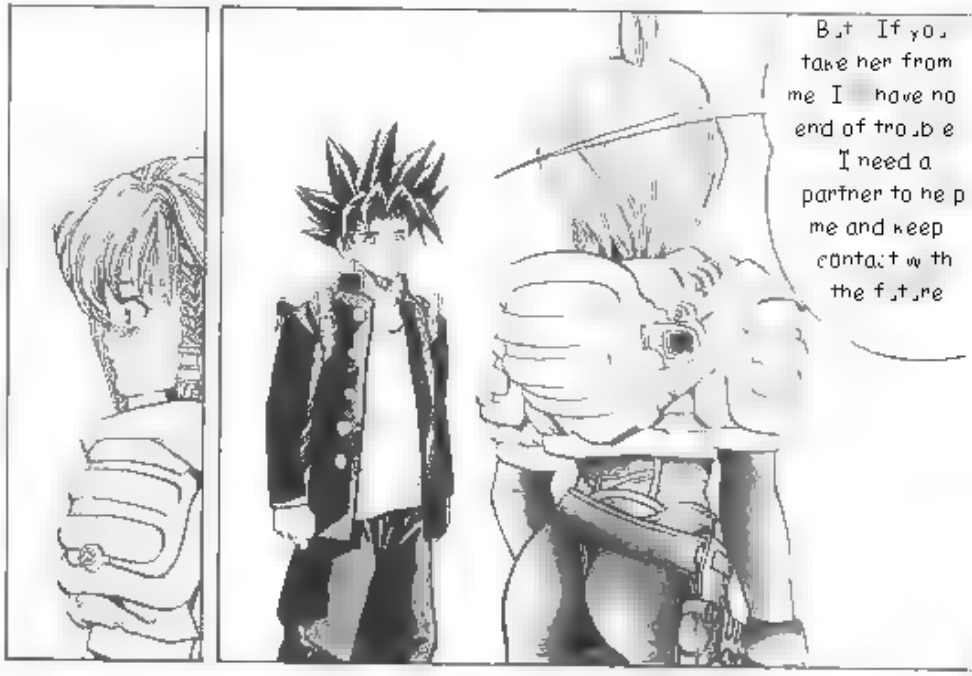
Hey hey Don't make such a fuss

things are different Now I know what may happen And history may have already changed
Had I not met you guys that could have been true I would have turned into a menace But

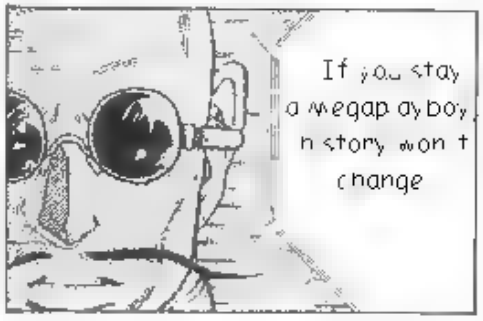
I can arrange a meeting I will contact you in 24 hours with the final decision
I can't decide this by myself

Junta looks so manly He's much cooler than before But can this behind DNA changing
Hmm I wonder if he saw through my bluff I'm not good at this

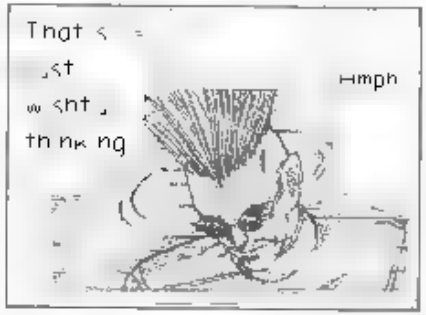
Junta's not even glittering . Where has he found such self-confidence?



But If you take her from me I have no end of trouble I need a partner to help me and keep contact with the future



If you stay a wimpy boy history won't change



That's just what I'm thinking

I might be unable to control myself
It's not so easy to achieve that transformation

WHAT!?

Heh heh heh. I'm sorry. The truth is one way or another. I've already made her mine

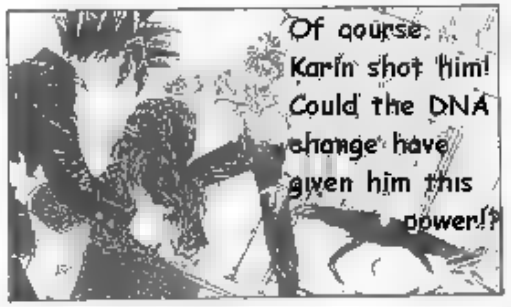
Then I pushed her down and had my way with her. She's skinny. But it's very soft skin
I passed myself off as you and lured her. She didn't suspect anything, she followed me without any fuss

I honestly warn you. I'm quite strong

But I will become even stronger

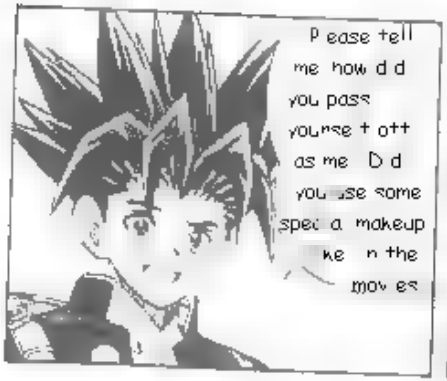
Are you looking for a fight

Because I'm going to graft your strength to my DNA



Of course. Karin shot him! Could the DNA change have given him this power!?

Surprise
And there's still more you'll see



Please tell me how did you pass yourself off as me. Did you use some special makeup like in the movies

Hah hah hah hah you should be here but in a madhouse

It's a simple addition your somewhat incompetent strength the two girls and my own

I mean to keep on adding grattsu but I can have a 100% victory

Why did I have to go and fight him
I wish I hadn't.

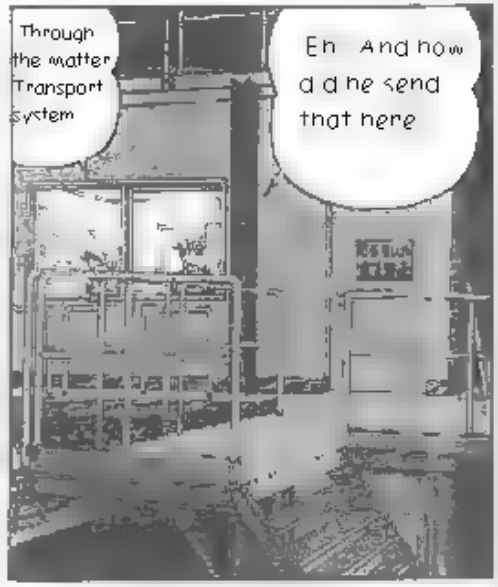
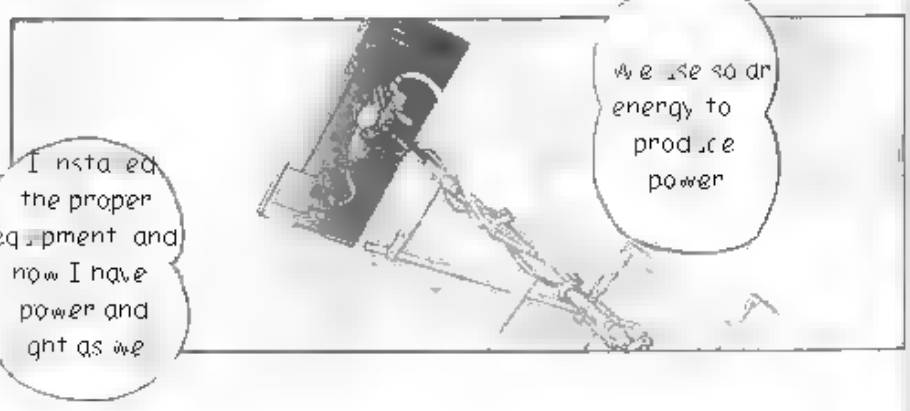
Een
Yokomori
An that man
I didn't mean to start a fight I was merely sending some of my equipment back to the future Yokomori-sama has already sent me money and other things I need to live here

Without electricity your machines wouldn't work right
Hmm you sure are lucky that this place has power



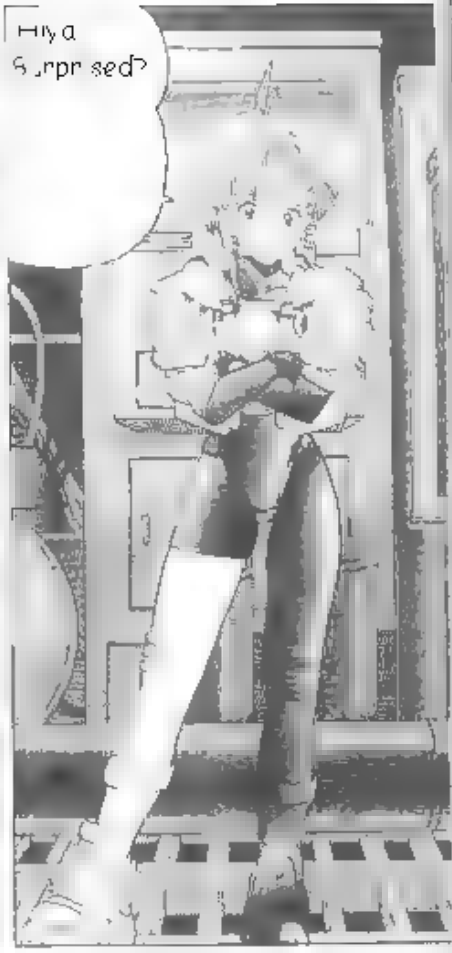
Through the matter Transport system
Eh And how did he send that here

If this place wasn't in disuse it wouldn't make such a great hideout
There's no power here
Eh

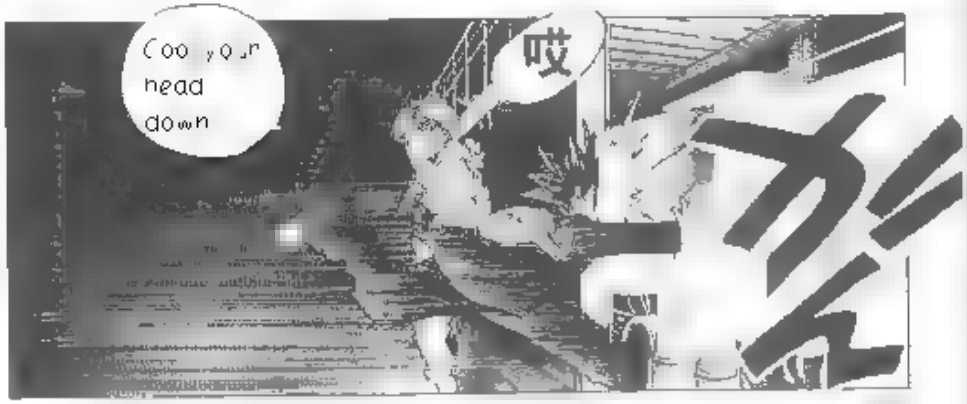


We use solar energy to produce power
I installed the proper equipment and now I have power and light as we

Karin
Chaaaan



Hiya
Surprised?



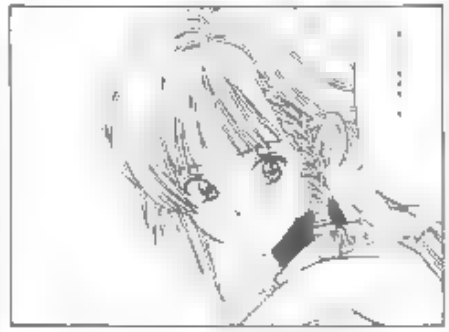
Cool your head down
哎

Not for a minute
WHAAAAT!! Everything was a bluff!? But you DO believe you can do it don't you!?

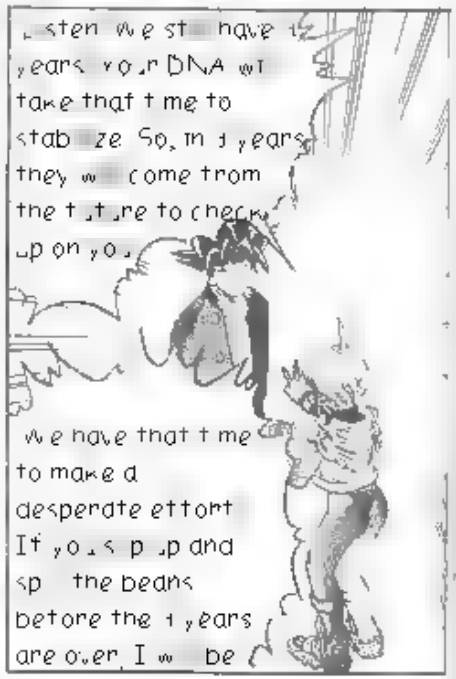
Nothing
It's just that

What's the matter
Heh heh heh

OH NOOOO!! I haaaate you!! You fooled everyone even me! I'm doomed! They will put me to death for sure!!



Heh



Listen We still have 10 years your DNA will take that time to stabilize So in 10 years they will come from the future to check up on you
We have that time to make a desperate effort If you split up and spill the beans before the 10 years are over I will be

And I wasn't sentenced to death So I thought we could avoid formalities from now on
For now thanks to you my dream of a sweet sweet home still alive

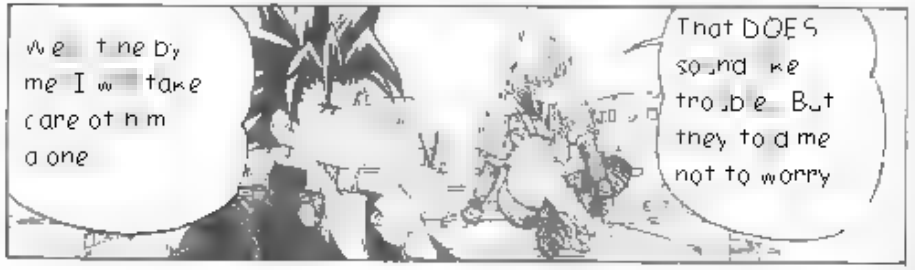
Huh?

Yeah good bluff huh?
Somehow, they believed that crap you told them Beating the DNA, and all that

He can use my teleport power now
Shape-changing not a problem That guy can copy other people's DNA

The other night I sneaked into his house and pulled one hair from his head I sent it to the future to be analyzed and they said there was no chance of him posing any problem

What?



Well then by me I will take care of him alone
That DOES sound like trouble But they told me not to worry

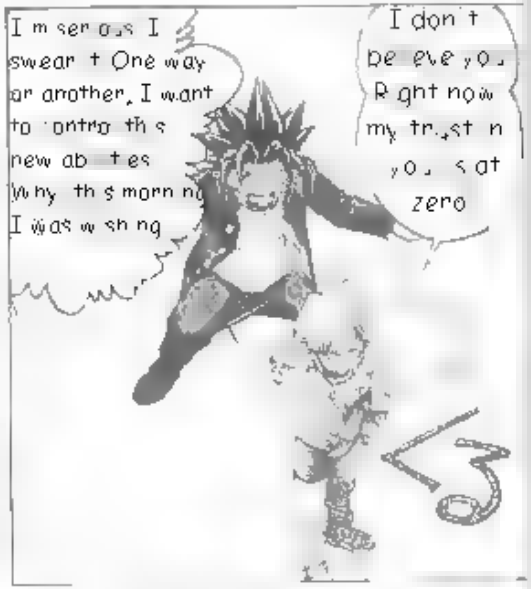
He came after me and besides
You can't stop me

And then I will have reason to worry
And what will you do Turn into the megaplayboy to beat him I'm totally against that The more often you become him the more changes will there be for his DNA to stabilize

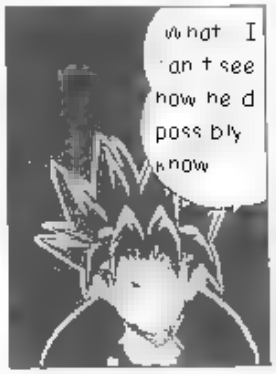
Don't worry I already intended to be discreet And I also intend to control the megaplayboy's DNA

Damn I had forgotten Something terrible happened this morning

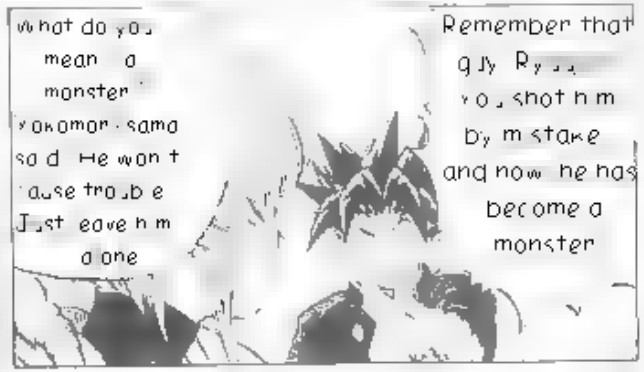
What now



I'm serious I swear it One way or another, I want to control this new abilities Why this morning I was wishing
I don't believe you Right now my trust in you is at zero



What I can't see how he did possibly know



What do you mean a monster Yokomori-sama said He won't cause trouble Just leave him alone
Remember that guy Ryo you shot him By mistake and now he has become a monster

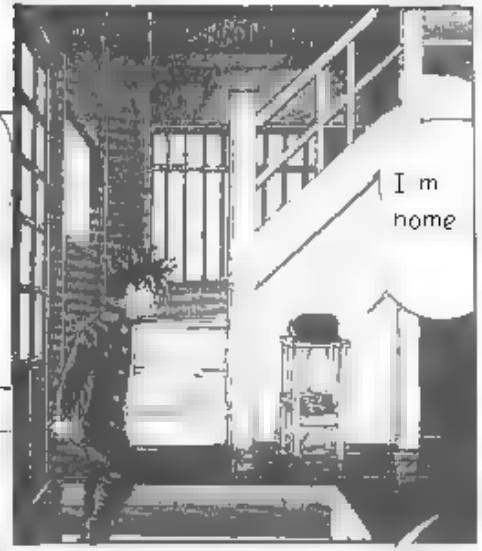
The Preliminaries

Enough for today Go back home and rest I know you are impatient but we have to follow a well thought training plan
See how it is?

I just had to think where you are and the power took me to you
Hum Destiny Since your DNA lives inside me maybe DNA brothers attract each other



I'm home

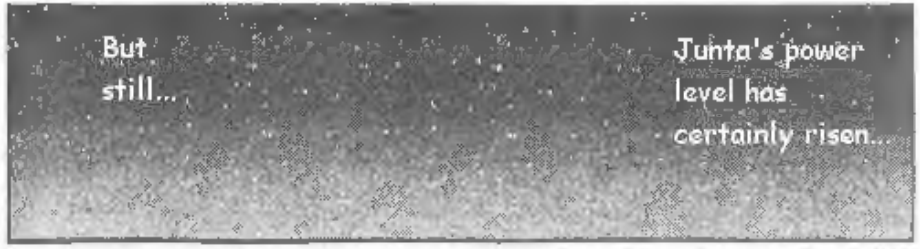
And if this Ryuuji doesn't want to listen to reason, I'll kick his sorry ass!
I've run lots of simulations, and the results are always the same... Junta has not a 100 % chance of victory! I must prevent this fight



But still...
Junta's power level has certainly risen...

Hum. A visitor... How amusing. It's just what I needed to while away the time
